HOW TO USE

Acoustics

1. Apple devices/ mobile phones/ MP3 and other devices can be played using Bluetooth or LINE IN.

- Bluetooth: Press Bluetooth key and an ID Number will be displayed on the LCD screen. Open the Bluetooth function on the mobile device to search for that ID and pair. No password is necessary. It will show "ON" on the LCD screen when the connection is established.
- LINE IN: Press LINE IN key to select the LINE IN mode, and then connect devices/mobile phones/ MP3 and other devices to 3.5mm audio line in for playing.
- Activate mobile phone's NFC feature and swipe it towards the NFC area located near the key pad to the right side, and it will automatically connect with the Bluetooth; swipe the mobile phone toward with NFC area again, the Bluetooth feature will automatically disconnect.

Note: Bluetooth or LINE IN will turn off if there has been no music playing for 5 minutes.

2. FM RADIO

- Press RADIO key to select the FM-RADIO mode, then press TUNING+/- to select the frequency.
- Long press TUNING+/- and MJ will scan frequency forward or backwards, stopping automatically after finding a clear channel.

3. ACOUSTIC VOLUME

- The acoustic volume can be adjusted by pressing   button.

4. TURN ON/OFF HOTEL MODE (music volume limit)

- AUDIO OFF mode, press and hold  or  LCD display ON or OFF (ON or OFF of Hotel Mode), ON: volume 0—20, OFF: volume 0-30.

5. CONFIRMING CLOCK/CALENDAR SETTING:

- Press and hold Snooze, LCD will display Month, Day;
- Press Snooze, LCD will display Year;
- Press Snooze, LCD will display DST Zone and easy to view the setting parameters.

6. INTELLIGENT DEVICE MODE

- If telephone rings or is off-hook while in FM-RADIO or LINE IN mode, the Media5 will MUTE the audio playing, and when the phone call is finished or the ringing has stopped, Media5 will resume to playing mode.

GUEST SERVICE BUTTON PROGRAMMING

When idle the HOLD key can be considered as the STORE key. To program a sequence behind the guest service buttons;

- Press HOLD
- Press the sequence to be dialed (Ex; “0” for operator)
- Press HOLD
- Press the autodial to be programmed

SETTING THE TIME

Make sure Media5 is idle (no radio, no LINE IN, no Bluetooth)

- Press **ALARM SET** for 6 seconds until hours flash
- Change time using    
- Press **ALARM SET** until minutes flash
- Change time using
